KEY TO THE REGISTER.

The Equipment of Vessels is designated by the Figure 1, and by a line thus —
The figure 1, signifying that the Vessel is well and sufficiently found.
The line — that she is deficient in either quantity or quality.

Defects or inefficiency in engines or boilers of a Steam Ship sufficient to imperil the vessel's safety are indicated by a red ring over the figure 1.

Defects or inefficiency in masts or rigging of a Sailing Ship sufficient to imperil the vessel's safety are indicated by a black ring over the figure 1.

Vessels RESTORED to, or CONTINUED on the Character A, will have the number of Years for which they are Restored or Continued, with the name of the Port of Survey, inserted separately under the number originally assigned, in the twelfth column; thus—Rest. Lon. 75-5yrs, or Cont. Liv. 75-3 yrs. Where the term in the case of continuation has expired, the letter "C" only will be placed before the figure denoting the number of Years for which Continuation had been allowed; thus—C 3.

The Port where a vessel has been either Specially Surveyed, Continued, or Restored, is mentioned in the same column as the fact and date of such Special Surveys.

Vessels opened as required by the Rules, will be marked in the Register "S.S." with the number of years that may elapse before they are again opened, and the year of survey; thus—"S.S.Cly. 75-4yrs."

Vessels marked "S.S." with a date, *in red*, denote that they have been surveyed at that time in accordance with the Rules, Section 60; thus—"S.S.Sld.75-5yrs" (in red ink).

The mark [*B.S.*] denotes that the vessel is classed subject to *Biennial Survey*. The mark [*Expl. B.S.*] denotes that the vessel is built *Experimentally*, and classed subject to *Biennial Survey*. (*See* Section 31.)

The mark *t.s.* with a date, denotes that the vessel has been submitted to Triennial Survey as prescribed by Rules for Iron Ships; thus, *t.s.*75.

The marks *s.s.*Nwc.*No.*1-75 — *s.s.*Hul.*No.*2-75 — *s.s.*Lon.*No.*3-75 denote that the vessels have been submitted to periodical surveys, as prescribed in the Rules for Iron Ships.

The figures in the twelfth column, to vessels in the classes A in red, Æ or E class, imply that they were originally classed A, for that number of Years. The cipher 0 in this Column indicates that (from inferior construction) there were NO "number of Years first assigned."

The broad "A signifies that the Vessel is built of Iron.

The note * prefixed to A, thus—*A, signifies that the Vessel has been built with heavier plating than the Rules *now* require.

Ships built under Special Survey as per Section 35 of the Society's Rules will be shown by a Cross; thus, ✠. (*See* Section 28.)

A.&C.E.—Anchors and Chains proved at a Public Machine. (See Table X., page 23 in this Book.)

KEY TO THE REGISTER—*continued.*

In the Thirteenth Column.

The character A denotes the Class of New Wood and Composite Ships, or ships Continued, or Restored. (*Vide* Sections 34, and 54 to 59 of the Rules.)

The character A, in Red, denotes ships which have passed the period assigned on the original Survey, or Continuation, or Restoration, and ships, not having had an original character, provided they are found on survey of superior description, fit for the conveyance of dry and perishable goods, *to and from all parts of the world.* (*Vide* Section 60 of the Rules.)

The character Æ denotes ships which have been found on Survey fit for the safe conveyance of dry and perishable goods on *shorter voyages*, and for the conveyance of cargoes *not* in their nature subject to sea damage on *any voyage.* (*Vide* Section 61 of the Rules.)

The character E denotes ships which have been found on Survey fit for the conveyance of cargoes not in their nature subject to sea damage *on any voyage.* (*Vide* Section 64 of the Rules.)

FOREIGN BUILT SHIPS.— CLASSES **F.** (*Vide* Section 83 of the Rules.)

The character **1 F** denotes ships which have been found on survey to be of a superior description, fit for the conveyance of dry and perishable goods to and from all parts of the world.

The character **2 F** denotes ships which, although not equal to the foregoing, have nevertheless been found on survey to be in a good and efficient condition, and fit for the conveyance of dry and perishable goods, on shorter voyages.

The Figures under a Character denote the date when the Vessel was last surveyed.

When printed in Red (except in the case of Vessels classed A 1 *in Red), they indicate that the survey has reference to the Stores only.*

The eleventh, twelfth, and thirteenth Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Three dots ... in Column 12 *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. A black line with date under it in Column* 13 *indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.*

When the thirteenth column is left blank except as regards the date of Survey last recorded, it indicates that the Character has expired or been withdrawn from absence of Survey, or on account of nonpayment of fee due in the case.

EXTRACT FROM SECTION 59 OF THE RULES.

* The terms of years assigned to Ships on the Character A, launched *previously to the* 1*st July,* 1859, also of ships launched during the *first* six months of the years 1860, 1861, 1862, and 1863, will expire on the 31st December of the last year of the periods assigned to them respectively.

The terms assigned to ships launched during the *last* six months of the years 1859, 1860, 1861, and 1862, will expire on the 30th June next after the last year of the periods assigned to them respectively.

In the case of ships launched on and after the 1st July, 1863, the period originally assigned to them on the A 1 character, will in every case *date from the month* in which the vessel may be launched, and will expire at the end of the corresponding month in the year at which the period assigned terminates.

TATEMENT showing the Number, Tonnage, and Description of New Vessels Classed by Lloyd's Register of British and Foreign Shipping from December 31, 1876, to December 31, 1877.

KEY TO THE REGISTER.

The Equipment of Vessels is designated by the Figure 1, and by a line thus —
The figure 1, signifying that the Vessel is well and sufficiently found.
The line — that she is deficient in either quantity or quality.

Defects or inefficiency in engines or boilers of a Steam Ship sufficient to imperil the vessel's safety are indicated by a red ring over the figure 1.

Defects or inefficiency in masts or rigging of a Sailing Ship sufficient to imperil the vessel's safety are indicated by a black ring over the figure 1.

Vessels RESTORED to, or CONTINUED on the Character A, will have the number of Years for which they are Restored or Continued, with the name of the Port of Survey, inserted separately under the number originally assigned, in the twelfth column; thus—Rest. Lon. 75-5yrs, or Cont. Liv. 75-3 yrs. Where the term in the case of continuation has expired, the letter "C" only will be placed before the figure denoting the number of Years for which Continuation had been allowed; thus—C 3.

The Port where a vessel has been either Specially Surveyed, Continued, or Restored, is mentioned in the same column as the fact and date of such Special Surveys.

Vessels opened as required by the Rules, will be marked in the Register "S.S." with the number of years that may elapse before they are again opened, and the year of survey; thus—"S.S.Cly. 75-4yrs."

Vessels marked "S.S." with a date, *in red*, denote that they have been surveyed at that time in accordance with the Rules, Section 60; thus—"S.S.Sld.75-5yrs" (in red ink).

The mark [*B.S.*] denotes that the vessel is classed subject to *Biennial Survey*. The mark [*Expl. B.S.*] denotes that the vessel is built *Experimentally*, and classed subject to *Biennial Survey*. (*See* Section 31.)

The mark *t.s.* with a date, denotes that the vessel has been submitted to Triennial Survey as prescribed by Rules for Iron Ships; thus, *t.s.*75.

The marks *s.s.*Nwc.*No.*1-75 — *s.s.*Hul.*No.*2-75 — *s.s.*Lon.*No.*3-75 denote that the vessels have been submitted to periodical surveys, as prescribed in the Rules for Iron Ships.

The figures in the twelfth column, to vessels in the classes A in red, Æ or E class, imply that they were originally classed A, for that number of Years. The cipher 0 in this Column indicates that (from inferior construction) there were NO "number of Years first assigned."

The broad A signifies that the Vessel is built of Iron.

The note * prefixed to A, thus—*A, signifies that the Vessel has been built with heavier plating than the Rules *now* require.

Ships built under Special Survey as per Section 35 of the Society's Rules will be shown by a Cross; thus, ✠. (*See* Section 28.)

KEY TO THE REGISTER—*continued.*

In the Thirteenth Column.

The character A denotes the Class of New Wood and Composite Ships, or ships Continued, or Restored. (*Vide* Sections 34, and 54 to 59 of the Rules.)

The character A, in Red, denotes ships which have passed the period assigned on the original Survey, or Continuation, or Restoration, and ships, not having had an original character, provided they are found on survey of superior description, fit for the conveyance of dry and perishable goods, *to and from all parts of the world.* (*Vide* Section 60 of the Rules.)

The character Æ denotes ships which have been found on Survey fit for the safe conveyance of dry and perishable goods on *shorter voyages*, and for the conveyance of cargoes *not* in their nature subject to sea damage on *any voyage.* (*Vide* Section 61 of the Rules.)

The character E denotes ships which have been found on Survey fit for the conveyance of cargoes not in their nature subject to sea damage *on any voyage.* (*Vide* Section 64 of the Rules.)

FOREIGN BUILT SHIPS.— CLASSES **F.** (*Vide* Section 83 of the Rules.)

The character **1 F** denotes ships which have been found on survey to be of a superior description, fit for the conveyance of dry and perishable goods to and from all parts of the world.

The character **2 F** denotes ships which, although not equal to the foregoing, have nevertheless been found on survey to be in a good and efficient condition, and fit for the conveyance of dry and perishable goods, on shorter voyages.

The Figures under a Character denote the date when the Vessel was last surveyed.

When printed in Red (*except in the case of Vessels classed* A 1 *in Red*), *they indicate that the survey has reference to the Stores only.*

The eleventh, twelfth, and thirteenth Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Three dots ... in Column 12 *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. A black line with date under it in Column* 13 *indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.*

When the thirteenth column is left blank except as regards the date of Survey last recorded, it indicates that the Character has expired or been withdrawn from absence of Survey, or on account of nonpayment of fee due in the case.

EXTRACT FROM SECTION 59 OF THE RULES.

* The terms of years assigned to Ships on the Character A, launched *previously to the* 1*st July*, 1859, also of ships launched during the *first* six months of the years 1860, 1861, 1862, and 1863, will expire on the 31st December of the last year of the periods assigned to them respectively.

The terms assigned to ships launched during the *last* six months of the years 1859, 1860, 1861, and 1862, will expire on the 30th June next after the last year of the periods assigned to them respectively.

In the case of ships launched on and after the 1st July, 1863, the period originally assigned to them on the A 1 character, will in every case *date from the month* in which the vessel may be launched, and will expire at the end of the corresponding month in the year at which the period assigned terminates.

The eleventh, twelfth, and thirteenth Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Three dots ... in Column 12 indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owners' request. A black line with date under it in Column 13 indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The ✠ signifies that the Vessel has been built under Special Survey. The broad A that the Vessel is built of Iron. The note * (thus * A) that the Vessel has been built with heavier plating than the Rules now require. B.Hds. Bulkheads. Cem. Cemented. Asp. Asphalted. 2 or 3 Dks. Two or three Decks laid. 2 or 3 tr. Three dots ... in Column 12 indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owners' request. A black line with date under it in Column 13 indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The ✠ signifies that the Vessel has been built under Special Survey. The broad* A *that the Vessel is built of Iron. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The ✠ signifies that the Vessel has been built under Special Survey. The broad A that the Vessel is built of Iron. The eleventh, twelfth, and thirteenth Columns left blank, indicate that the Vessel has never been Classed in the Register Book. Three dots … in Column 12 indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owners' request. A black line with date under it in Column 13 indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The ✠ signifies that the Vessel has been built under Special Survey. The broad A that the Vessel is built of Iron. The note * (thus * A) that the Vessel has been built with heavier plating than the Rules now require. B.Hds. Bulkheads. Cem. Cemented. Asp. Asphalted. 2 or 3 Dks. Two or three Decks laid. 2 or 3 tr. Three dots ... in Column 12 indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owners' request. A black line with date under it in Column 13 indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book. A red line with date under it in this Column indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.
